

Local Geography Photography Competition

Step One

Take a photo of something you consider to be a significant physical or human feature of our local geography.

Step Two

Once you have taken your photo, use the "OS Locate" app to record the 6 figure grid reference for your photo (e.g. for this photo it would be TQ535771).

Step Three

Go to www.geograph.org.uk and submit your photo on the website. This will help create a bank of photos of our local area to help record what Ilford was like for children in 2021 and 2022.

Please submit your photos **before January 31st 2022**. All successfully published children's photos will receive a certificate and the winners of the competition will be awarded with a Geography related prize.
