Year 3

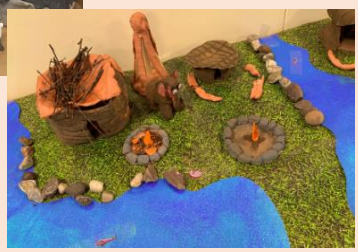

Year 3 Autumn 2 Term Newsletter

This term . . .

Remember – you do not need to wait until Parents' Evenings to talk to your child's class teacher. Messages or information can be shared when you drop off and collect your child. If you need a longer conversation, please make an appointment.

Reminders

- Please ensure ALL of your child's clothing is labelled with their name.
- Remember that school starts at 8:50am and finishes at 3:20pm.
- Pupils may bring a bottle of water to drink during the day.
- Please make sure your child is wearing the correct uniform for this term.
- Pupils have PE lessons on Tuesday and Wednesday. Please make sure they have their PE kits with them.
- Jewellery must not be worn at school except for stud earrings, which must be removed or covered with plaster for PE.

Dear Parents and Carers

We hope you all had a lovely summer break. We are looking forward to the Autumn term in Year 3 We have lots of exciting learning opportunities planned, including: the pre-historical world, Angry Earth, short story narratives and place value in mathematics. Each Topic begins with a stunning start, where teachers introduce the topic to the children in an exciting way. Furthermore, each topic ends with a fabulous finish, where the children are given opportunities to present their learning in interesting and varied ways.

All of our staff strongly believe in our Rights Respecting School Values, which are respect, friendship, empathy, kindness, perseverance, resilience and justice, which we implement in our classrooms and outside the classrooms.

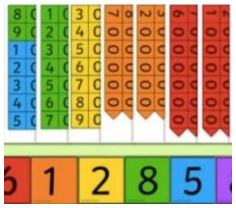

This terms overview is highlighted below:

English

Inspired by the experiences of Olympic medallist Ibtihaj Muhammad, this is a beautiful and powerful story about the bond shared between siblings and being proud of yourself and your beliefs.

Maths

During our Maths lessons this half-term, we will be exploring the place value of numbers. We will be identifying how many hundreds, tens and ones made a three-digit number. We will also consolidate our understanding of addition, subtraction and multiplication and division.

History

The Stone Age period was over 3 million years ago. This period is split into three stages; Paleolithic, Mesolithic and Neolithic. In addition, year 3 will explore the pre-historic eras and understand how the process of the world developed.

RHE

Mental health and wellbeing will be our learning this term in Year 3. We will be looking at how oral hygiene is important to follow. Furthermore, the importance of being confident and expressing ourselves, sun safety, anti-bullying and how to take care of our mental health.

Science

Children investigate how magnets can make objects move on different surfaces. They attach a metal paperclip to a book and investigate how placing it on different surfaces affects how easily a magnet can move it. They record their predictions and measurements in a table, and then transfer their results to a bar chart.

Homework Expectations

Homework will be given out on **Fridays and will be expected back by Wednesday latest.** This will include a spelling, math and english activity. Please let your class teacher know if your child does not have access to a computer, tablet or phone, as sometimes they will set online activities.

ATTENDANCE matters

Please keep your child at home if s/he is very unwell. If s/he has a mild cough or a blocked nose, please send them to school.

Please remember, every day consists of 8 lessons which your child is missing out on if they are not in school. They will very quickly fall behind.

UPCOMING EVENTS

Dates for Diary
